

WORLD CRAFTS

Hosting a WorldCrafts party will empower you to make a difference in the lives of impoverished women and families worldwide!

When you host a WorldCrafts party, you invite people in your neighborhood, church, or community to gather together to learn about the WorldCrafts vision and to purchase handcrafted, fair-trade products from our artisans spanning the globe. Each purchase benefits people in poverty by providing them a sustainable income with dignity. WorldCrafts makes it super easy for you to host a party by offering a step-by-step guide, party theme ideas, and other helpful resources at www.worldcrafts.org/parties.asp.

Our Vision: An income with dignity and the hope of everlasting life offered to every person on earth.
